### Principal's Message

What a spectacular day! It was amazing to see our students and parents working together on Monday creating and designing a cubby house in our little playground. Thanks to Miss Vanessa for making this and the Teddy Bears Picnic a reality. Uncle Mark and his son were a welcomed addition to the day and we were also able to celebrate our volunteers for afternoon tea. Without the support of our volunteers in classrooms, canteen, gardens, and even book covering, our school would not be the fabulous place it is. THANKYOU!

Our Year 5 students shared their leadership speeches yesterday. Such a caring bunch of students with big dreams. We hope to provide all students with the opportunity to take a leadership role in their education journey. Leaders will be presented at our Presentation Day Monday 17<sup>th</sup> December.

Year 6 students attended the small school's orientation last Friday and were pleasantly surprised with the activities held on the day. They will return with all schools this Friday as the weeks till the end of their primary school lives dwindle.

Next week, our students will begin Swim Scheme with Mr Neal, Mrs Lemmes and Mr Phillips supporting our students in this program. Very worthwhile and affordable this year.

Our focus for PBL is Taking Care of Others which is a core value for our students and staff at Repton Public School. We are discussing how well this is reflected by being responsible, respectful and resilient students.

Have a good week,

Mrs Kristy Glyde  
Principal

### Thought of the Day

Success is no accident. It is hard work, perseverance, learning, studying, sacrifice and most of all, love of what you are doing or learning to do. ~Pele

### STAR TRANSITION DAY 5

## Positive Behaviour for Learning

This week's focus for PBL is on 'Taking Care of Others'.

Here at Repton, we are like one giant family. It is one of the beautiful things about our school that you just can't find in many schools elsewhere. Part of being family - is taking care of each other.

This week, we are looking for students who are displaying a positive attitude and kind-heartedness towards other people. This will look like:

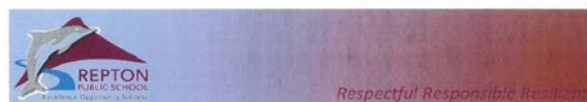

- Students using kind language
- Students being helpful towards each other
- Students being inclusive
- Students sharing

Kind language means both the words we choose, and the tone in which we speak. If our voice can mimic white fluffy clouds, a light breeze or cool flowing water, then we will be speaking gently with each other. That is how we take care of each other.

Being inclusive means that we invite people into share in what we are doing. That can happen both in the playground and in the classroom. We share our equipment.

Being helpful means that we try to do things for other people that make their lives easier. If everybody went out of their way to do something nice for someone else every single day - the world would be an amazing place!

Let's see what you can do to help improve this world!
