Happy Father's Day

Principal's Message

SASS WEEK: This week we acknowledge the hard-working efforts of our school support staff. Mrs Jenkinson is always there as our friendly, helpful and caring face in the office for our students, staff and families. We have the expertise of Miss Sue, Miss Vanessa, and Miss Ro helping in class learning programs, in the gardens and in the kitchen. Max is always busy helping around the grounds on a Monday. So, when you see these faithful members of Repton Public School this week, give them a big smile and thank you for all they do for us!

Professional Learning: I felt very welcomed back after a few days attending the Thoughts Conference in Sydney last week. It was a delight to hear all the stories and happenings upon my return. All of our teachers make significant connections with the students over the day, including myself, and it is nice to know they value our relationship.

Literacy: Our expectations remain clear and high for our teaching and learning of literacy at Repton Public. We have explicit teaching of reading and writing, speaking and listening in guided group sessions Monday-Thursday mornings. Our assessment data is showing that our students are becoming more successful using this targeted intervention. The use of individual learning goals has also made students more engaged in achieving high quality work across all grades. Well done both students and teachers in embracing this approach.

Numeracy: I had the pleasure of sitting in on number talks across all classes last week. How amazing to hear our students talking so confidently about a range of flexible strategies that they can use in mathematics to solve problems! We are attempting to shift a few mindsets of our students who don't believe they are good at Maths. We say "we are not good at solving problems this way...YET!" Growth mindsets coming your way!

Father's Day: I would like to wish a *Happy Father's Day* to all the fathers, grandfathers and others who fill in as 'father' role models for our students. Hope you can attend the special breakfast hosted by P&C Friday morning.

Have a great week.
Mrs Kristy Glyde,
Principal

Thought of the Day

We need to use an integrated approach to quality teaching, curriculum planning and delivery, and assessment that promotes learning excellence to meet the needs of all students.

Kitchen

4/5/6 made Rocky Road for Father's Day. They also made labels for the marmalade jam jars.

Garden

We are loving our new and improved garden. There is room for everyone to participate. Students were busy watering the garden with worm juice, composting, cutting back overgrown plants and collecting seeds.

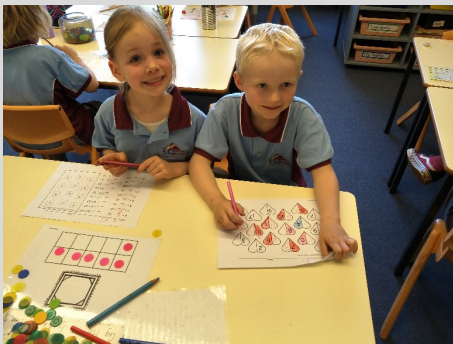

Music

K/1 performed their small group ensemble piece to their class. They sounded wonderful! Great work playing music together K/1!

This Week in Classes

K/1

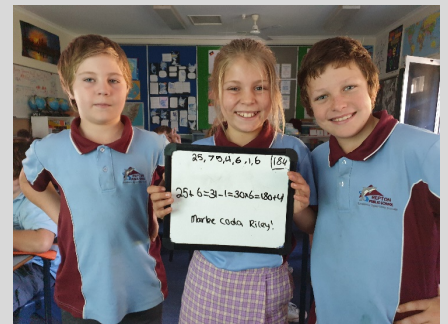

K/1 students have been using ten frames to learn the pairs of numbers that combine to make 10. We call these pairs *friends of ten*.

2/3/4

2/3/4 have been constructing 3D shapes from many different materials. So much fun!!

4/5/6

4/5/6 have been working hard on their communicating and reasoning in mathematics. 'The Number Game' is a fantastic opportunity for students to share their mathematical thoughts to the class. Well done Coda, Riley and Marlee!

PRODUCE TABLE EVERY TUESDAY

Students sell produce they have grown at school on a Produce table every Tuesday. We would like to add to this with surplus produce from outside the school that you may be willing to bring in.

BOOK FAIR

A big thankyou to all families who purchased books from last week's Book Fair. We sold \$1120 worth of products which gave us a commission of \$280 to spend on new resources for our school Library. Congratulations to the winners of the Book Fair Colouring Competition.

Bella – Early stage 1 / Alira – Stage 1
Sonny – Stage 2 and Riley T – Stage 3

STEM: 4/5/6 were using the design and make process to create a toy kite for a child. We are testing our designs to make modifications next week. Reminder projects due in week 8.

JERSEY DAY

On Friday August 30, 2019 we are asking our students to wear their favourite sporting jersey to school to show their support for the *DONATE LIFE* network and begin the conversation with their friends and families about Organ Donation.

JERSEY DAY has been inspired by the story of *NATHAN GREMMO* who was tragically lost in an accident in May 2015. Nathan's family chose to give the gift of life to others to honour the legacy of Nathan's generous personality.

This campaign is all about raising awareness – there is no requirement to raise funds. Simply wear your favourite sporting jersey to school or work on Friday August 30, 2019 and begin the conversation with your friends and family about organ donation.
